Poster presented at: 87th Annual American School Health Association Conference; October 9-12, 2013; Myrtle Beach, SC.

Congratulations A.T. Still University Researchers

The research poster of Kondrashov, Kondrashova, Johnson, Boehm, and Rice, “Impact of the clinical ultrasound elective course on retention of anatomical knowledge by second-year osteopathic medical students in preparation for board exams,” won the poster award at the Second World Congress on Ultrasound in Medical Education.

Dr. Karen Snider, osteopathic manipulative medicine researcher at A.T. Still University’s Kirksville College of Osteopathic Medicine, was highlighted in an article published in The DO that discussed her line of research investigating the benefits of preventive osteopathic manipulative treatment in nursing home residents.
